THE STRIKE IN ST. LOUIS

Union Labor Leaders Recommend a Sympathetic Strike of All Unions.

RIOTING BROKE OUT AFRESH

Several Casualties of a Severe Nature Were Reported Yesterday in Various Parts of the City.

St Louis, May 19—At a meeting of 100 heads of labor unions, called last night it was resolved at 1 50 this (Saturday) morning to recommend to the controlling [illegible] a sympathetic strike [illegible] of all the labor unions in St. Louis.

St Louis, May 18 There was no conference today between representatives of the striking street car employes and officials of the St Louis Transit Co. Although President Hayes, of the board of police commissioners tried to get the two parties to the strike into a room together in still another meeting. The federal grand jury was in session all day today It had under consideration the kidnapping and [illegible] up to the United States [illegible] caused by the present street car [illegible]

Rioting broke out afresh today in various parts of the city and several casualties of a severe nature were reported.

At noon a crowd of 400 or more men and women and boys congregated along Laclede between Grand and Theresa avenues and stopped the cars. They approached by means of obstructions piled on the tracks. Persons in the crowd commenced throwing rocks and some shots were fired. One of the bullets struck R. R. Richardson, a conductor, in the head. He is probably fatally wounded.

Special Officer Beaten.

A special officer on one of the cars was dragged off and badly beaten and several other motormen and conductors were assaulted. While the turmoil was at its height a detail of police came dashing up and charged the crowd.

Two reported employes of the St Louis Transit Co were shot while in charge of street cars. In neither case is the assailant known. Guy Picks of Decatur Ills., employed as a guard was [illegible] at Finney street and Morgan streets at 4 this afternoon.

John Kenna, a saloon keeper on Gravoisi street was probably fatally wounded and Robert Nelson, colored and emergency Officer Jacob Hollingsworth slightly wounded [illegible] in a riot at the south end of the Fourteenth street bridge. Kenna had been drinking hard for several days and tonight as a car on the Chouteau avenue line of the Transit Co was rounding the curve at Fourteenth and Gratiot streets, he stepped up to it and drawing a revolver attempted to shoot the motorman. The car was going too fast for him and he missed his mark. He then began shooting at the conductor and Special Officer Hollingsworth, who was standing on the rear platform. The [illegible] jumped from the car and ran toward the intoxicated saloon keeper, began shooting at him. Four of his bullets struck Kenna's body. Kenna continued to advance at the officer and the last shot he fired struck Hollingsworth in the right hand. One bullet, which went wide, passed through Nelson's ear. Kenna was taken to the hospital, where the physicians offered no hope for his recovery.

A Patrolman Shot.

Patrolman Henry E. Barton was shot and probably fatally [illegible] at Jefferson avenue near Geyer avenue. Barton was on a car of the Jefferson avenue line as a guard. As the car [illegible] Geyer avenue a few shots were fired and then several shots rang out. One bullet lodged in Barton's head. A [illegible] call was sent in and a squad of police hurried to the scene. The crowd which had gathered at the sound of the shots was dispersed without trouble. Barton was taken to a drug store where an examination showed that the bullet had only made a scalp wound and had glanced off. A number of men in houses where the shooting occurred were arrested and sent to the police station pending an investigation.

Shortly after noon today three cable cars started from the power house of the Fourth street railway on Leighton avenue. Fourth street and Chouteau avenue the cars stopped and upon investigation it was found that the cable had been cut. When the free end of the cable arrived at the power house it was found that all the strands had been severed, presumably by a steel saw. The task of splicing the cable and running it through the conduits will be a difficult one and the road will probably not be in shape for a day or two.

Lack of Protection.

General Manager Baumhoff appeared discouraged today over the conditions prevailing.

He said: "I am disheartening" he said "to see how little protection a big corporation can obtain for its property. In my judgment the militia should be called for the police have demonstrated to my satisfaction that they are [illegible] willing or capable of protecting our property. However, I shall not request that the militia be ordered out, as I have become tired of making requests."

The house delegates at its meeting today passed the Kelly resolution annulling the franchises of all the street railways in St Louis unless they live up to the provisions of the city ordinance.

FLORENCE NEWS

MILLS MAY HAVE TO CLOSE DOWN FOR LACK OF ORE.

Two Additional Brick Plants Will Soon be in Operation Work on New City Park.

Special to the Gazette.

Florence, May 19—Owing to the Florence and Cripple Creek railroad strike in the Cripple Creek district there has not been a pound of ore received at this point since Wednesday. The condition at present is somewhat alarming. The Metallic and National mills are idle with out ore and it is thought that unless ore is received by noon tomorrow the mills will have to close down. There are but a few tons of ore in the bins of both mills. The El Paso mill will not be affected by the strike as they receive the largest portion of their ore by the way of the Midland Terminal and it is then transferred to the Rio Grande at Colorado Springs. If no ore is received 300 men will be thrown out of employment.

Florence will have two more new brick making plants. Both companies are composed of local people and will begin operations at once.

The Florence Brick and Investment company capitalized at $[illegible] will make 20,000 brick per day. It has purchased from the [illegible] acres of ground south of the city. The incorporators are J. E. Blunt, Robert Blunt, F. H. Clossing, J. H. Westlind and Thomas [illegible]. Work will be pushed to completion. For a time at least the plant will be run by hand and the machinery which also will cost $10,000 will not arrive for more than a month. Orders from local contractors and builders have already been placed with them and as soon as room for more help can be made employment will be given them.

The other plant will be owned and operated by Henry M. Fox. He has secured the title to three acres of land just off of the town near the Dorsey mill site and work on this enterprise was also commenced yesterday morning. This factory will only employ about twelve or fifteen men. A [illegible] will be put in to supply the plant with water from the Arkansas river. It is thought at present that other [illegible] can be filled by June the 1st. They will make 10,000 brick per day. The machinery will be entirely modern [illegible] from the east.

Work is being commenced on the new city park putting it in shape to our own people also for the entertainment of [illegible] visitors. The park when completed will be one to date and well looked after. The site is near the Arkansas river. It will contain [illegible] acres. All of the underbrush is being cleared away, the leaves being raked up and burned, the tree trimmed and seats benches and lawn stands swings and tennis courts will be introduced. City water and electric light will be put in. It is understood that the head officers of the Florence and Cripple Creek railroad were in the city a few days ago to ascertain what the facilities were to entertain excursion parties as the road intends running special excursions from the Cripple Creek district to this point this summer. The first excursion will occur next Sunday.

CANON CITY ITEMS

Fremont and El Paso People will Push the Trenton well Immense Fruit Crop.

Special to the Gazette.

Canon City, May 19—The Canon City Oil company composed of Florence and Canon City people together with [illegible] Smith and F. M. Hall [illegible] Florence have taken hold of the Trenton well six miles north of here and will drill it deeper. This company has a strong financial backing and will bore deeper with all possible speed. The well at present is at a depth of 1,400 feet. This company also has a lease of 2,000 acres of undeveloped oil land fourteen miles south of Florence.

[illegible] this week [illegible] will not be expected owing to the late frost. From the present appearance it seems as though the crop will be if possible even larger than last precious year. For miles either way the valley is in a blaze of blossoms of a dozen different varieties of fruits. The whole valley is in a high state of cultivation and fertility. There will be no heavy hail storms this valley will have a fruit crop that will outrival any it has had heretofore.

GRAND VIZIER DEAD

Convulsion in Internal Affairs in Morocco is Threatened but May be Averted

Tangier, Morocco, May 18—The grand [illegible] May 17.

A convulsion in internal affairs is threatened, but it is believed that Great Britain and France have asked to maintain the status quo. It is hoped the threatened anarchy will be averted.

ALL THE NEWS

Cloudy, [illegible] winds.

Silver 60 lead very dull $3 97½@4 02½ copper $16 87½.

New York stocks showed increasing strength and closed buoyant money 1½@2.

Chicago grain and provisions quiet.

FOREIGN

Two embezzlers are being held in Mexico for extradition to Cuba. They are both Spaniards.

The Colombian government has issued a decree that all vessels now cruising on the coast in service of revolutionists can be followed and captured by warships of other nations.

Gen. Stewart L. Woodford, former United States minister to Spain, in London, says the loss of her colonies means Spain's national rejuvenation.

Alfonso Ben Musse grand vizier of Morocco is dead; anarchy is threatened, but it is believed that Great Britain and Great Britain have agreed to maintain the status quo.

The king has signed a decree dissolving the Italian chamber of deputies, the elections have been fixed for June 3 and parliament will be convened June 16.

There is a hitch in the work of federating the Australian colonies, owing to opposition to Hon. Joseph Chamberlain's amendments to the bill.

GENERAL

Fire at Iowa City, Ia., destroyed property valued at $50,000.

Charles H. Smith of Chicago, owner of Lieut. Gibson has deposited $5,000 with sporting editor Louisville Courier-Journal, as a forfeit for $50,000, that his horse can beat any horse in the world at a mile and a half.

MAFEKING RELIEVED

News Comes from Boer Sources.

LONDON DELIRIOUS

Government Has Received No Confirmation of the Report but No One Doubts the News.

Pretoria, May 18. It was officially announced today that when the laagers did forts around Mafeking had been severely bombarded the siege was abandoned. A British force from the south took possession of the place.

President Steyn left here for the Free State last night.

Addressing a crowd on the platform he said: "I am to be of good cheer."

It is reported that 10,000 British troops have surrounded Christiana and the landrost and other officials have [illegible]

London, May 19—1 a. m.—London's millions spent half the night in the street and even at two o'clock this morning troops of young men are promenading singing and cheering and there are crowds in front of the Mansion house, Marlborough house, the clubs on Pall Mall and the war office and in Parliament square waving flags and joining in the national airs.

This sustained bellowing and uproar of thousands of thousands amazes the Englishman who comes for a moment to be an actor and become an observer.

Sober philosophy London is beside itself with joy.

Bursts of patriotism have set the town quivering twice or thrice during the war but nothing has quite equaled tonight a hundred square miles or almost furious demonstrations.

It was a curious thing for the American to see solemn gray haired men toss their opera hats into the air and join in the burlesque of cheers when a wreath-crowned banner with the portrait of Colonel Baden-Powell on it was [illegible] Piccadilly. Smart women in broughams waved union jacks out of the windows. Conventional family parties stopped at street corners to take part in singing "God Save the Queen" and "Soldiers of the Queen."

Everywhere were sound of good feeling and astonishing roars of human voices.

News Unofficial.

It was all brought about by a 20-word telegram from Pretoria that Mafeking had been relieved. Although the source of the news [illegible] nothing confirmatory has been received from any African source except Protectorate sources apparently questions the news.

Arthur J. Balfour, government leader in the house of commons speaking from the government bench late last evening said:

"The only news I have is through the courtesy of the press. We have no information at the war office. Nor would we have it as soon as it would arrive through other channels. Therefore the [illegible] confirms not disproves the accuracy of the information. I need hardly say that we all trust and have good reason to think it is probably true." (Cheers.)

Reason for Delay.

Mr. George Wyndham parliamentary under secretary of war replying to general questions of the house who had privately interrogated him said:

Although the government has nothing [illegible] expected [illegible] bulletin. It may be tomorrow and perhaps even Monday before the government would receive [illegible] from the war office. [illegible] were raised some days ago as the news would need to be conveyed over a long distance by messengers on horseback whereas the enemy would probably have [illegible] communication [illegible]

London has received a telegram from a Dutch friend in Pretoria saying that Mafeking has been relieved.

[illegible] information of the relief was received the lord mayor, Mr. A. A. Newton sent the following dispatch to Colonel Baden Powell:

"The citizens of London are relieved. They rejoice in the good news received. Your gallant defense will long live in British annals. Cable what money is wanted for the needs of the garrison and inhabitants after long privations."

Under the head of "How the News Was Received" the Daily Chronicle says:

"The telegram to the Associated Press from Pretoria the historic dispatch announcing the relief of Mafeking was sent from the capital of the Transvaal at 11 35 a. m., May 18. It reached the London office at 3 [illegible] and was instantly dispatched to every quarter of the globe. By 10 70 p. m. had come a response from far-off Toronto, describing the reception of the news there.

"This is not surprising in view of the fact that [illegible] minutes after the receipt of the telegram [illegible] in the Associated Press building in Pall Mall [illegible] in New York when it was forwarded to the furthest limits of the North American continent.

"Mr. Chamberlain called at the war office at midnight and received a [illegible]."

Successes Elsewhere.

The relief of Mafeking has had the effect of suspending for the moment interest in the operations elsewhere in the field of war. Nevertheless yesterday brought important official announcements. Lord Methuen entered Hartsdale [illegible] general Buller entered Newcastle Thursday evening.

[illegible] Buller's [illegible] ing for stores at Kroonstadt he is using his mounted men to search a wide tract of country. Colonel Broadwood occupied Lindley on Tuesday and the same day Colonel Hutton captured one of the Bothas 20 miles from Kroonstadt. General Rundle on Thursday occupied Clocolan. British successes are thus [illegible] from which [illegible] yesterday.

A Lourenzo-Marquez correspondent telegraphing yesterday says:

"Now peace proposals will be put forward by the Boer government. The recent reverses are causing despondency. There was a prolonged meeting of the [illegible] Pretoria Thursday and the destruction of the mines was again considered. It is understood that the government does not intend to destroy the mines.

"According to the other advices from the same point President Kruger is the other high officials purpose paying almost immediately for Lydenburg. The British prisoners will be conveyed there and the foreign consuls at Pretoria are leaving for Lydenburg.

"In Kroonstadt it is said that President Kruger [illegible] when Lord Roberts crosses the Transvaal from [illegible]

GENERAL BULLER REPORTS NEWCASTLE IS OCCUPIED

London, May 18. General Buller in a dispatch to the war office dated Newcastle May 18 says:

"Newcastle was occupied last night and today the whole second division and third cavalry brigade will be concentrated there.

"I have sent the mounted force through Utrecht to cut a small force of the enemy and to reassure the natives.

"The enemy have burned the chapel, hewn up glass, plundered many houses and taken cash from the banks but otherwise they have not done much harm. The railway is badly damaged, the Ingagne and Nondi bridges are destroyed as are many culverts and the pumping stations and water works.

"Of the 7,000 men facing before us about 1,000 seem to have gone to Wakkerstrom and some by Miller's Pass to the Free State. The remainder who are described as disorganized rabble have gone north and say they intend to make a stand at Laings Nek."

BOER ENVOYS COMMENT ON RELIEF OF MAFEKING

Baltimore, May 18—The first intimation of the relief of Mafeking which came to the Boer envoys was conveyed to them in a report made by the Associated Press, who handed the congressional Limited upon which they were being conveyed to Washington as it passed through Baltimore. Abraham Fischer, who acted as spokesman for the party, read the dispatch from Pretoria. A London correspondent but without show of emotion.

"I have no comment to make at this time," he said. "In the absence of official information I much prefer today to say nothing.

"Would the news if true, indicate a new approach of the end of the war?" he was asked.

"By no means was the reply. There is much to be done before there can be an end to hostilities even if Mafeking has been relieved.

"Do you agree with Lord Roberts in his prediction that the fighting will be over by the [illegible]?

"By no manner of means unless the English surrender," [illegible] as the train moves out of the station on its way to Washington.

SILVER SUBORDINATE

Towne Says "Imperialism" Will be First Issue, Then the Trusts, Then Money

Toledo O., May 18—Hon. Charles A. Towne of Minnesota and General F. T. Corser, national treasurer of the Free Silver Republicans are here today in conference with silver leaders discussing plans to send a silver delegation to the Kansas City convention. There were about 20 present. Mr. Towne said:

"I am not a Populist, neither is Mr. Bryan, that party in the interest of reform went outside itself to get candidates. Imperialism will be the first issue then the trusts and then the money question."

Mrs. Abraham Fischer, wife of the Free State peace delegate is with her husband. She says they want the help of American women to stop the war.

THE NEWS OF CRIPPLE CREEK

Deplorable Lack of Harmony in the School Board

ORGANIZATION IS EFFECTED

Superintendent Was Re Elected and Made a Plea for Harmony Suits in the District Court

Special to the Gazette.

Cripple Creek, May 18.—A meeting of the school board was held tonight in the High school building which was similar to the one held Wednesday night in that it was a boisterous meeting, one of the members expending much energy in loud talk and fierce gesticulations. Personalities and accusations of bad faith and bad practice were hurled back and forth. Something however was accomplished tonight and in this respect the meeting [illegible]

The trouble which has caused the harsh words on both occasions seems to be of a personal nature between [illegible] Wells, who has been a member for one year, and W. B. Truett who was elected a week ago last Monday. Mr. Wells presented [illegible] of the [illegible] and declared that Truett was not entitled to a seat on the board, that he had not filed his bond and was not legally [illegible] attempted the same act a month ago last, was overpowered by the friends of Chairman [illegible] majority [illegible] Wells. The other three members voting in opposition to the motion with few exceptions carried or was lost by a three to two vote. The minority attempted to refer the seating to the attorney of the board who is Mr. Owen and favorable to Mr. Wells and Mr. Beaman but the motion lost three [illegible]

A motion to proceed to the election of officers for the ensuing year was strongly opposed by the two minority but was carried and the slate prepared by the majority went through with a rush except for the obstructing tactics of the minority which by this time had begun to wane. The result was for secretary, Miss Pearl Owens for attorney, Ely Cann, for treasurer A. A. Rollestone. The election of building inspector was postponed for one week.

[illegible] W. Palmer was selected by a unanimous vote as superintendent to succeed Almack and five teachers were also selected as their own successors. They are Julia Stinson, Bertha Cherrington, Miss A. C. Lockhead, Mrs. Pearl Grange and Edith Reier.

Professor Palmer on the announcement of his election, arose and addressing the board for the kindness done him made a very sensible speech in which he said that it gave him much pain, as it did [illegible] the proceedings [illegible] if there is anything that lies close to the hearts of the citizens it is the public school system of the district. He counseled harmony on the part of the board and said that he would not desire the position as superintendent unless he had the unanimous support of the board. His speech was much in contrast to the greater part of the evening's proceedings and tended to lessen the personalities that had been hurled back and forth between some of the members.

The committees were then selected for the ensuing year by appointment of directors being added to the list tonight by motion.

District Court.

In the district court today Judge Stevens and a jury heard the damage suit of James Baer vs. the Colorado Electric Power company. The evidence was all heard at the close of tonight's session which closed at 10 o'clock and the arguments will be heard tomorrow. On the night of last July while Baer was at work for the company on Raven hill and while up on a pole his left hand came in contact with a live wire. The electricity burned the flesh off the palm of the hand and injured it so that an amputation of the three inside fingers was necessary. He claims also that the shock to his nervous system was so [illegible] that he has not recovered from it and it has rendered him unable to sleep naturally or to do any manual labor.

[illegible] a suit in the district court today against the town of Woodland Park for a debt of $[illegible] for advertising.

John Hogan a miner dislocated his arm some time ago and thinking it was simply a strain paid no attention to it. He continued to grow worse and he went to the hospital where it was found necessary to amputate the arm. He is a miner in the state having come here from [illegible]

Cripple Creek Heights.

A marriage license was issued today to Fred E. Gunthes, aged 21 of Victor and Miss Julia Irene Oakes aged 19 of Denver.

Final naturalization papers were issued today by Nellie Collier, native of Holland.

The body of George Wagner, who died a few days ago, was sent by Oscar Lampman, the undertaker to Durand Ill., for burial. This was in accordance with a telegram received today from Mrs. F. D. Wood of that place, who is a sister of the deceased.

PERSONAL.

Under Sheriff Horrigan today received the sad news of the death and burial of his mother in Chicago. The burial took place Saturday, she having been 83 years of age.

A party is visiting the camp consisting of W. Dallas of Omaha, W. F. and Miss A. L. Driscoll of Chicago.

Dr. S. H. Hilliard and wife of Warren Ill., arrived in this city Thursday evening.

A [illegible] city are S. D. Fouser, E. E. Whitted and G. L. Cooper.

THE POST WANTS NEWS

Denver Evening Paper Will Bring a Mandamus Suit Against the Associated Press

Special to the Gazette.

Chicago, May 19—The Denver Post is preparing papers for a mandamus suit to be instituted Monday in the courts here, against the Associated Press to compel the latter to furnish to the Post its news service. The suit is brought in view of the recent court decision in the Inter-Ocean case.

TO REDEEM BONDS

Treasury Receipts have Exceeded Expenditures in Past 10 Months by $58,000,000

Washington, May 18—Secretary Gage, after the cabinet meeting today announced that he would issue a call at once for the redemption of the $75,166,000 of outstanding 2 per cent bonds, the funded loan of 1891, interest to cease on September 1 next.

"During the last ten and a half months of the present fiscal year the treasury receipts have exceeded the expenditures by something over $58,000,000."

CONFEDERATE CLAIMS BILL

Measure Passed by the House to Pay for Losses Following the War.

SHARP DEBATE IN THE SENATE

Mr. Morgan Introduced Resolution to Investigate Panama Canal Company Which He Denounced.

Washington, May 18.—The senate committee on privileges and [illegible] unanimously reported [illegible] that shall exist until [illegible] to beat time.

Washington, May 18.—At the first time since the rebellion the house today passed a measure to pay Confederate soldiers [illegible] the civil war.

It was a bill by Mr. Cox of Tennessee to pay the Confederate soldiers who surrendered at Appomattox for the loss of [illegible] and other personal effects taken from them in violation of the terms of Lee's capitulation [illegible] by officers and men of Lee's army were allowed to retain their baggage, side arms and horses.

The appropriation was stricken out and the appropriation was made indefinite.

The bill was passed out of the house as a special compliment to those who after 10 years service in the house is to retire at the end of his present term.

Many other claim bills were passed.

MORGAN CRITICISES THE PANAMA CANAL COMPANY

Washington, May 18. Nearly the entire day in the senate was devoted to the Nicaraguan canal bill. The debate at times was sharp and almost personal. The appropriation was decided to be [illegible] Chandler, Mason, Carter and Wellington and opposed by Senators Allison, Hale, Tillman, Lodge and others.

Soon after the senate convened Mr. [illegible] of the committee on interoceanic canals, offered a resolution directing the committee to make an investigation as to the character of the dealings of individuals or corporations with a view to monopolize the canal at Panama or the Nicaragua canal and whether the individuals or corporations propose to obstruct the building of the Nicaraguan canal.

Discussing the resolution Mr. Morgan said the old Panama Canal company was chartered under the laws of France. A syndicate four years ago purchased the assets of the old company and reorganized under the name of the New Panama Canal Co. This syndicate had offered to permit the United States to use its work [illegible] without violating its concessions [illegible] This proposition was made, he said, when it was realized that the New Panama Canal company was approaching bankruptcy. It could not be completed by the United States without involving the United States in [illegible] as the 5,000 or more French shareholders in the old company and the United States could not anyhow identify itself with a corporation [illegible] had been suggested under the laws of New Jersey or some other state.

"The idea [illegible] so absurd that it would not give a minute's consideration, but it not that it is being pressed at every possible point and every possible moment of time."

He invited attention to the charters of the canal concessions on both lines of [illegible] and made a [illegible] subject and break down and cheat the greatest and most comprehensive monopoly ever organized under the laws of New Jersey. Senator Morgan said the pending Nicaraguan canal bill until [illegible]

The object of the inquiry, he said, was to enable the president of the United States to check exposure from and destroy the conspiracy—founded in fraud [illegible] against the highest rights and privileges of the people and government of the United States.

The resolution was referred.

Mr. McCumber (N. D.) addressed the senate on the Philippine question. He said it was to our commercial financial and naval interests to retain the Islands. Having incidentally remarked that he thought all the people of the union were happy now to be under one flag and in one government Mr. Tillman (S. C.) [illegible] Mr. McCumber [illegible] people of the south felt that the confederacy had been defeated or what they fought for had been rejected.

Tillman Refuted.

Mr. Tillman (S. C.) [illegible] to pay the [illegible] of Mr. Tillman.

A minute later, when Mr. Caffery (La.) rose to make an inquiry, Mr. Wolcott asked him if he shared in the opinion that 95 per cent of the southern fellows had [illegible] and that the [illegible] relieved up instead.

"I do not," replied Mr. Caffery [illegible] question of the senate [illegible] providing for the extension of the pneumatic tube service.

Mr. Chandler (N. H.) declared this useful invention should not be abandoned and he hoped it should be abandoned [illegible] should be [illegible] old.

Delay Criticised.

Mr. Chandler commented on the extraordinary delay of the post office department in making a report which delay [illegible] had permitted the railroads to increase their rates for carrying the mails [illegible] at the same time [illegible] and to understanding of the [illegible] the railroads had much to do [illegible] with the delay [illegible] the color of [illegible].

The matter went over without [illegible] action.

The bill to enlarge the powers of the department of agriculture [illegible] the transportation to interstate commerce of game killed in violation of local laws was passed.

The senate, at 5 [illegible] adjourned.

GOVERNOR SMITH APPOINTS A SENATOR FROM MONTANA

Butte, Mont., May 18—Governor Smith today sent dispatches to [illegible] Senator W. A. Clark. Senator Clark is chairman of the committee on privileges and elections and Senator Frye, president of the senate. [illegible] the vacancy caused by his own resignation and say no [illegible] Martin Maginnis of Helena to fill the vacancy. The governor gives as his opinion that the appointment of Mr. Clark by the legislature was tainted with collusion and fraud. The dispatches are practically the same that to Mr. Clark reading:

"I have this day disregarded and revoked your appointment as United States senator [illegible] Spriggs on the 15th inst. [illegible] have this day appointed Hon. Martin Maginnis United States senator to fill the vacancy caused by your resignation."

Those to Senators Chandler and [illegible] are similar. Senator Chandler is chairman of the committee on privileges and elections and Senator Frye is president of the senate. He had [illegible] an open letter to the people of Montana and of California. He says he [illegible] at the request of Thomas B. Reed to lock into the matter of some mining property in Montana which is stated to be worth $2,000 and the right of [illegible] to be applied to the end [illegible].

"I shall rely by my conduct to the full [illegible] that I am not guilty of any wrong doing or any [illegible] of [illegible].

"Mr. Clark is one of the Democrats in the legislature who [illegible] strongly when Montana became a state.

[illegible] parliamentary leaders regard the late [illegible] Balfour and Chamberlain as intended simply to change the leaders of the Irish party.

IMPORTANT MATTERS AT THE LABOR CONVENTIONS

Denver, May 18.—There will be another week of the annual convention of the Western Federation of Miners. That is the opinion of the executive officers who say it will be impossible to finish up the business before the body in less than six days more of hard work.

The Western Labor union is under an [illegible] heavy burden of unfinished labors, and secretary Geiger will not venture a guess as to when its deliberations may terminate. Both have progressed at about the same rate and considered many things of uniform purport [illegible]. Both are heartily in favor of the unification and co operation of labor organizations under one head.

The morning session of the federation was devoted to action on several amendments to the constitution [illegible] are quite important.

In future the federation will pay the expenses of one delegate from each union to the annual conventions. This is done for the reason that many locals are too weak to feel justified in bearing the expense incident to sending a representative hundreds, sometimes thousands, miles. In the small unions often have no delegates in the union. Now [illegible] the federation will meet such expenses out of the general treasury a better representation will result and unionism be thereby strengthened.

The other amendment is of equal importance and changes a point in the constitution which has frequently been a thorn in the side of union labor. A majority vote of the executive board will be sufficient to sanction strikes instead of a two-thirds vote.

J. C. Inclaiten of Spokane, Wash., was a visitor during part of the forenoon session.

James R. Sovereign addressed the convention for an hour and a half. He spoke [illegible] the coeur d'Alene strike told of the investigation at Washington where he was a witness before the congressional committee. He declared it is his belief that the mine owners themselves were responsible for the blowing up of mines and mills at Wardner.

The Western Labor union adopted some further resolutions along the line of inviting all union organizations and [illegible] advocating the broadest possible [illegible] consistent with proper conduct in the recognition of union cards and that all possible assistance shall be extended to holders of union cards.

The union labels of the principal organizations were indorsed by a resolution which includes all other labels placed on articles to designate them as the product of union labor.

At 5 o'clock the afternoon session adjourned to visit the Zang brewery in a body in response to an invitation received this forenoon, and which was promptly accepted.

This evening a reception was tendered the visitors by the members of the local union.

PROCLAMATION PURPORTING TO BE FROM AGUINALDO

Manila, May 18.—A proclamation purporting to have been issued by Aguinaldo and dated July 4 from Luzon island one of the Philippine group, east of Luzon is circulating in Manila. It says the commission appointed by President McKinley was appointed without the authorization of congress and that, hence it cannot treat officially. It urges the Filipinos not to surrender their arms at the instigation of the commission or to [illegible] which congress may not ratify and also urges the Filipinos enthusiastically welcome the commission when it arrives in the towns and provinces asking holiday for the form of government they most desire as the Americans permit it. The proclamation concludes with asking the Filipinos to arrive for liberty and independence and again warns the commission against deception.

In the Catarma fight, island of Samar May 1 about 700 of the enemy attacked the men of the Forty-third infantry. The Americans killed 200 of the rebels by actual count. Only three Americans were wounded.

Major John C. Gilmore and 100 men of the Forty-third regiment were ambushed May 6 near Pambuan. Seventy five of the enemy were killed and there were no American casualties.

The transport Lennox has returned here after landing four troops of the Eleventh cavalry to reinforce Colonel J. H. Bell. Two troops Major Hugh T. Sime commanding were landed at Legaspi and proceeded across the country to strengthen the garrison at Liagao. They found numerous entrenchments manned by insurgents between the towns and were two days on their way, accomplishing disappointingly slightly. Their only loss was three horses. The officers report that they killed 40 insurgents but the natives declare 80 were killed.

were weak on the news that Russia had seized Masempho, in Korea.

New York sold Tintos, and Paris at first absorbed offerings, but subsequently there was a relapse, the news from Korea being taken more seriously in France than in England. New York also sold Anacondas, while London is overbought.

Americans were dull and the tendency was toward reaction.

Money was very easy, mainly however, because of the idleness of business rather than a superabundance of cash.

Silver was sold at 27¾d per ounce on Russian and Indian orders.

CHICAGO GRAIN.

Chicago, May 18.—The greater part of the session in wheat was quiet. The opening was easy because Liverpool was lower and the board's figures showed an increase in Argentine shipments over the previous week. There were more rains in the southwest, and Illinois and Kansas reported damage from fly. Accordingly more shorts covered and those who had the article held to it. In consequence the close was close to the top.

Corn was firm, but quiet.

Oats were quiet and followed wheat and corn.

Provisions were quiet, but steady.

The Metal Market.

New York, May 18.—Trading was rather slow in the market for metals today. Cables were 3s 6d lower, but had no effect here. Tin closed quiet at $28.90@29.00. Lake copper continues dull, $18.87½. Lead very dull, $3.97½@4.02½. Spelter, $4.45@4.50. Pig iron warrants weak and unsettled. The brokers' price for lead was $3.80 and for copper, $16.87½.

The Coffee Market.

New York, May 18.—Coffee—Spot—Rio dull; No. 7, invoice, 7½; mild market quiet. Cordova, 9¾@14½.

Chicago Cattle.

Chicago, May 18.—Cattle—Receipts 2,000. Natives, good to prime steers, $5@5.70; poor to medium, $4.25@4.80; selected feeders, $4.25@5; mixed stockers, slow, $3.75@4; cows, $3@4.60; heifers, $3.25@5; canners, $2.50@3.25; bulls, $3@4.25; calves, $4.50@6.50; Texas fed steers, $4@5.15; Texas bulls, $3.20@3.65.

Hogs—Receipts, 32,000. Top, $5.42½. Mixed and butchers, $5.05@5.40; good to choice heavy, $5.20@5.42½; rough heavy, $5.05@5.15; light, $5@5.35; bulk of sales, $5.20@5.35.

Sheep—Receipts 5,000; good to choice wethers, $5.15@5.35; fair to choice mixed, $4.60@5.15; western sheep, $5.15@5.35; yearlings, $5.25@5.80; native lambs, $4.50@7.25; western lambs, $5@7.25; spring lambs, $5@7.50.

See our window display all Oxfords.

SPECIAL BARGAINS IN OXFORDS at 50c, $1.00 and $1.50.

Frank A. Vorhes, 22 South Tejon St.

Progress of the Season In and About Manitou

Mr. and Mrs. E. J. Carruthers of Denver were in Manitou for a few hours' visit last Tuesday. They were registered among the guests at the Cliff house.

One of the most enjoyable dances of the year was given Wednesday evening at the Cliff house. It was given by the ladies of St. Andrew's Episcopal church and the success of the affair reflected great credit upon them. The pretty dining room of the hotel was crowded during the entire evening with merry dancers and those who went to look on. The Elks sextette from Colorado Springs furnished the music and refreshments were served during the evening. A large sum was realized from the receipts and this is to be used by the ladies as their contribution to the general church fund.

The new part of the Cliff house is almost completed. The carpenters will have their part of the work done by Saturday night and the painters expect to be through by next Wednesday. All the furniture for the new rooms is in the building and will soon be arranged ready for use. The billiard tables arrived last Tuesday and are now being set up. As soon as the building is completed and ready for use Mr. Nichols will have a grand opening.

The Manitou town board met last Tuesday evening, but as there were no matters of importance to be discussed and no business to be transacted, the board adjourned to meet next Tuesday evening.

Mr. and Mrs. C. M. Jaques left yesterday for their home in Lincoln. After a few days' stay there they will return to Manitou to remain permanently. They have recently completed the erection of a fine new home here.

Mr. G. W. Ferguson and family, of Lincoln, Neb., are expected to arrive in Manitou in a few days to remain permanently. They have purchased the Miller property on Washington avenue.

Mr. C. A. Pollen has recently opened up an elegant stock of curios and Indian and Mexican goods in the Hubbert building just west of the Cliff house. Mrs. Pollen has charge of the new store.

The graduating class of the Manitou high school is making active preparations for commencement exercises, which are to be held early in June.

Mr. Oppenheim, of Colorado Springs, is now moving his stock of men's furnishing goods into the Postoffice block. Mr. Wyman, who is to occupy one-half of the store, has not moved in as yet.

Mrs. A. McVeltie, Miss McVeltie, Ruth and Alice McVeltie, of Detroit, are among the prominent guests at the Cliff house. Mrs. McVeltie is the wife of the president of a steamship line in Detroit.

Mr. and Mrs. R. C. Reynolds of Maine and Miss Margaret Piper of Chicago are registered among the guests at the Cliff house.

Mr. and Mrs. J. W. Halstead of New York are in Manitou for a several days' stay. They are stopping at the Cliff house.

Messrs. Caldwell and Rupp are fitting up their new offices in the Wheeler block. Large blackboards which will be used for listing the eastern and mining stocks are being put in.

Mrs. G. B. Fraser and daughter, Miss Fraser, of Lyons, Mass., are in Manitou for a few weeks' stay. They are guests at the Cliff house.

Harry and Bertha Hardwick returned home Tuesday from Cottage Grove, Tenn., where they have been visiting for several months. Mr. and Mrs. Hardwick will remain in Texas for a few weeks longer.

Mrs. L. M. Winn, Miss Winn and Miss Mabel Winn, of Rochester, N. Y., and Mr. and Mrs. T. F. Kelly, of Boston, compose a prominent party registered at the Cliff house.

What's the Matter with the Market for Lead?

"I wonder what this lead market is going to do," mused Hon. A. Lee, state commissioner of mediliferous mines, as he perused the market quotations in a newspaper at the Alamo last night. "It's going pretty far to offset the upward tendency of a year ago, the low grade properties in the outlying district of Colorado will suffer materially, many of them closing down indefinitely.

"If we knew just what the lead trust was going to do we might calculate on the future, but as it is, the fate of some of our mines is conjectural. Throughout the state generally, mines are doing well, but the low grade properties that depend on the high price of lead to keep them going will have to close down in many instances if the market takes a slump. It has come down 30 cents in the last two weeks and still has a downward tendency. It is to be hoped that the demission is a sure play of the trust to encourage the output by running it up again, but it is hard to tell why lead is going down so fast.

"The properties that produce or carrying a little each of gold, silver and lead can be worked when lead is up as it yet is, for the lead materially aids in carrying the other metals, so you see if lead goes down, the low grade properties will feel the brunt of the effect. When lead went up to 4.70 and $4.80 a year ago, it called forth a heavy production. The trust doubtless got more on hand than it needed and soon the market was flooded. The year production is now doubtless wearing away, and I hope this move is a scheme to encourage the production as I have said. We can stand a good deal of it, of course, but it is making the owners of low grade properties anxious. Again, it is possible the heavy demand for lead in the west affected the market when it went up, but that, too, is uncertain. The whole thing is a mystery.

Embarrassment.

Don't embarrass your friends by asking them to go on your bond. If you want to bond an employe, don't have him go to his friends, but write to Brannen & Kellogg of Denver, Arapahoe building. A bond costs very little. Brannen & Kellogg will tell you all about it.

Summer in the East.

The seashore and mountain resorts of the east will be especially attractive during the summer of 1900. Full information about how to get there, expense of going, etc., will be furnished free upon application to H. R. Dering, A. G. P. Agt., Pennsylvania Short Lines, 248 South Clark st., Chicago.
